

STATE STREET WALK AUDIT CHECKLIST

Directions: Please complete the following checklist to note problems or positive features in the walking and bicycling environment or along State Street.

Circle appropriate Date, Location, and Route below that you are participating in:

Audit Date: Thursday, October 18, 2018
Audit Location: UWEC, Old Library
Audit Route: Intersection Route

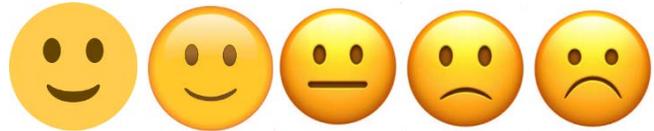

Audit Date: Wednesday, October 24, 2018
Audit Location: EC Fire Station No. 5
Audit Route: Hill Route

Feel free to make comments and notes on the Walk Audit Maps as well as completing the checklist below. Please be sure to turn in your completed audit forms prior to leaving.

1. SIDEWALKS:

Overall, the quality and safety of sidewalks is:

- No sidewalks or paths.
- Sidewalks are broken, cracked, or have trip hazards.
- Sidewalks are blocked by overgrown landscaping, poles, signs, plants, vehicles, etc.
- Sidewalk is not continuous.
- Sidewalk is not wide enough (two people cannot easily walk together side-by-side).
- Sidewalk has nothing separating it from the street (grass, trees, and parked cars).
- Sidewalk or concrete pad does not provide enough space for pedestrian traffic and transit riders at Transit stop locations.

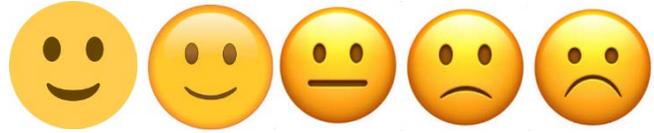

Other problems: _____

2. STREET CROSSINGS & INTERSECTIONS:

Overall, the quality and safety of street crossings and intersections is:

- The road is too wide to cross easily.
- Traffic signals do not give enough time to cross the street.
- The crossing does not have a pedestrian-activated button.
- There is no crosswalk or it is poorly marked.
- I have to walk too far to find a safe, marked crosswalk.
- Intersection does not have a curb ramp for carts, wheelchairs, strollers, walkers, etc.

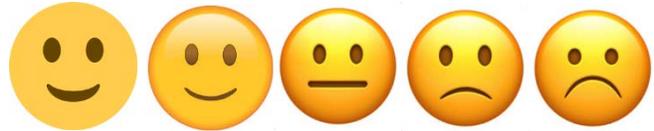

Other problems: _____

3. DRIVER BEHAVIOR:

Overall, the quality and safety of driver behavior is:

- Drivers do not stop at stop signs or stop behind the crosswalk.
- Drivers appear to be speeding.
- Drivers do not yield to people walking or biking.
- Drivers are distracted (on phone, texting, paying attention to other passengers).
- Drivers aren't looking out for people walking, make unexpected turns, or seem hostile.

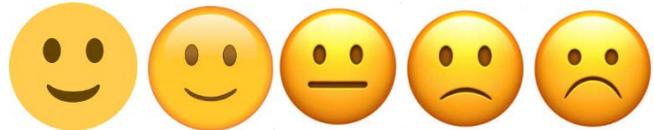

Other problems: _____

4. SAFETY:

Overall, the safety in this area is:

- Vehicle speeds are too fast.
- There's too much traffic.
- Street lights are few or not present.
- There are people on the street who seem threatening.
- Unleashed dogs or other loose intimidating animals are present.

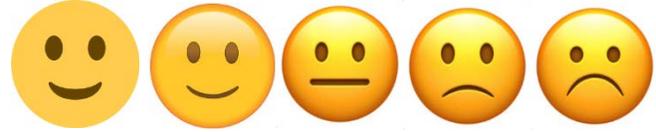

Other problems: _____

5. COMFORT:

Overall, the comfort and appeal in this area is:

- There is not enough shade from trees.
- There are few or no street trees or other landscaping.
- There are vacant lots or rundown buildings.
- The street needs benches and places to rest.

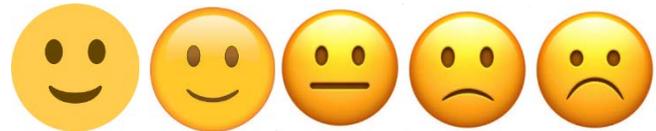

Other problems: _____

6. PARKS:

Overall, the park areas are:

- There are no direct or convenient accesses from street to enter or exit the park.
- There are lack of eyes on the park (e.g. absence of people, no houses or store fronts).
- There are no playgrounds, courts, gardens, trails or other quality park features.
- The park needs benches and places to rest.

Other problems: _____

What type of park amenities would you like to see at Jaycette Park or the City Lots near MacArthur Avenue?

7. ADDITIONAL COMMENTS:
