# Welcome!

## CHIEF GERALD STANISZEWSKI

I am pleased to present the 2016 Eau Claire Police Department Annual Report. The City of Eau Claire continues to enjoy a low crime rate which contributes to our high quality of life and place. Our foundational principle of Community Oriented Policing enables us to partner with our community members to identify, prioritize, and develop strategies to keep our community safe. Along with a low crime rate, highlights of our accomplishments this year include prioritizing programs aimed at reducing the impact of methamphetamine on our community, a commitment to regional partners addressing mental health issues, and our newly created Junior Police Academy.

The crime rate was limited to a 5% increase for 2016. The increase was, in part, attributed to the broad effects of methamphetamine. Methamphetamine is a highly addictive drug and is the underlying cause of many crime and quality of life issues. The department worked with other community partners to reduce the impact of methamphetamine through prevention, focused investigative efforts on individuals trafficking large quantities of methamphetamine, and development of treatment options that address the unique challenges presented by this dangerous drug. This initiative was capped by a community forum which focused on community awareness, prevention efforts, and treatment options.

Addressing community mental health issues continues to be one of the most significant concerns affecting the manner in which the police department delivers service to our community members. Police officer training in Crisis Intervention Techniques (CIT) and a commitment to a newly organized “Mental Health Matters” project group are strategies employed to help increase our effectiveness in dealing with community members in crisis. We must make progress in gaining community support to prioritize mental health services aimed at preventing crisis situations.

During the summer of 2016, the Eau Claire Police Department held its first ever Junior Police Academy. The goal of the Junior Police Academy is to enrich our agency’s connections with youth and motivate children to become responsible citizens. Each program lasted one week, served more than 50 children ages 12-17, and was commemorated with graduation ceremonies attended by over 200 people.

In 2017, the police department will implement a new organizational structure to include a Professional Standards Bureau and an expanded School Resource Officer Program. Both are designed to create efficiencies within the police department and provide better services to the community. We will also expand our internal employee health and wellness programs to promote a better work environment. It is clear that the success of our organization is a direct reflection of the talented and dedicated employees who serve in our department. Taking steps to ensure their wellness is a priority.

I want to thank the City Manager, the Eau Claire City Council, the Eau Claire Police and Fire Commission, the Police Department Command Staff, and all the sworn and civilian employees of the Eau Claire Police Department for their support. The success of 2016 can be directly attributed to the combined efforts of these partners and their commitment to the community.

# City of Eau Claire

## **CITY MANAGER:**

The City Manager directs the operations of the City to accomplish the goals and objectives set by the Council.

Dale Peters, *City Manager*

## **CITY COUNCIL:**

The City Council enacts legislation and allocates City resources for programs, services and activities. The Eau Claire Police Department sincerely appreciates the support of the Eau Claire City Council.

Kerry Kincaid, *President*

Kathy Mitchell, *Vice President (District 3)*

Tim Tewalt *(District 1)*

David Klinkhammer *(District 2)*

Bob Von Haden *(District 4)*

Andrew Werthmann *(District 5)*

Catherine Emmanuelle

Eric Larsen

Kate Beaton

David Strobel

Michael Xiong

## **POLICE AND FIRE COMMISSION:**

The Police and Fire Commission is a non-political board of citizens appointed by the City Council. They oversee personnel matters, including the hiring and discipline of sworn staff members, consistent with Wisconsin State Statute 62.13. We appreciate that these Commission members volunteer their time and services to the community of Eau Claire.

Dennis Pope, *President*

Daniel Kincaid, *Vice President*

# Patrol Division

## DEPUTY CHIEF CHAD HOYORD

The Patrol Division is comprised of 54 patrol officers, one Patrol Investigator, ten Sergeants, three District Commanders and one Deputy Chief of Patrol. Civilian Community Service Officers are responsible for parking enforcement and animal-related issues and also assist with fleet service transport and courier duties.

The Patrol Division continues to operate under a geographical structure in which the City of Eau Claire is divided into three separate districts. Within each of these districts, the Patrol Division has identified specific geographic boundaries that identify different “neighborhoods” to include both residential and businesses within each district. Some of these neighborhoods have formal neighborhood associations while others do not. Each District Commander oversees a particular district. Patrol Sergeants are assigned to a specific district in order to assist the District Commander and the patrol officers with day-to-day operations and quality of life issues. Each patrol officer is assigned a specific district along with a specific neighborhood within that particular district. The goal is to connect specific officers with specific neighborhoods within the community in order to collaboratively work with the neighborhoods on community issues and quality of life concerns.

Below I would like to highlight some of the initiatives that the Patrol Division put forth in 2016:

### **NORTH DISTRICT**

North District officers concentrated on conducting speed enforcement on several highways within the district. Crashes are prevalent in this district and speed is oftentimes a major contributing factor to many of these crashes. District officers worked with the new developers downtown addressing issues that arose during the construction of some of these facilities. The North District was also involved in meetings with the University of Wisconsin-Eau Claire as they added additional students in the Haymarket Landing. Additionally, the North District continues to collaborate with the City’s Public Works Department to curb illegal dumping along the riverbanks by actively removing debris several times during the spring and summer months.

### **WEST DISTRICT**

The West District continues to put a significant amount of time and resources into the Randall Park area in order to address quality of life issues, thereby helping to make this area a safe environment. The ability to allow more resources in this area is possible with the addition of public space cameras in the 400 block of Water Street. The public space cameras have been an excellent tool to better manage specific areas on Water Street and become proactive at specific times depending on the size of crowds. These cameras have led to a decrease in disorderly type behavior on Water Street and are used as an investigative tool when incidents do occur.

## Patrol Division (continued)

The West District is in its second year working with University of Wisconsin—Eau Claire’s Student Senate to create a Vacant House Watch Program to assist with house checks for off-campus student housing when the students are gone during holidays and college breaks. The number of reported house burglaries or break-ins has reduced tremendously after this program was initiated and the numbers are still low. Finally, the West District continues to expand the Landlord Alert Program which helps communicate with landlords who own properties in the City of Eau Claire. This program has been very successful with almost 44 property owners/managers enrolled, which accounts for nearly 3,700 living units.

### **SOUTH DISTRICT**

The South District has initiated a proactive approach of working with local hotels to help combat the issue of prostitution, human trafficking and drug use. Because many other crimes associated with these issues, it has been important for this district to continue their proactive approach. Finally, retail theft tends to support other criminal behavior. The South District has been working with the department’s Crime Analyst and local retailer stores to identify strategies for both store managers and law enforcement to help combat retail theft. South District Officers have been attending trainings that instruct how to engage businesses and employees to be part of the solution. In the fourth quarter of 2016, we saw a reduction in retail theft for the South District.

In 2016, the Patrol Division completed a comprehensive analysis of the current work schedule of the division. Having operated under the Problem-Oriented Policing philosophy since 2006, it was a healthy decision to reevaluate our operations and we were able to create a schedule that continues to provide efficient and effective service to the community and still make adjustments the hours of a work day for each officer. We will be using this new patrol schedule in January of 2017.

Parking has also been a topic of discussion in many areas throughout the city. The City purchased an automatic license plate reader. There have been some challenges on the accountability and accuracy of this device. The City is working with the manufacturer to determine if these challenges can be resolved which would then allow parking enforcement to be more efficient and effective than previous methods of enforcement.

The Eau Claire Police Department Patrol Division will continue to work hard in order to keep our community safe by proactively partnering with the community to identify and address community concerns and criminal behavior.

# *Detective Division*

## **DEPUTY CHIEF MATT ROKUS**

The Eau Claire Police Department Detective Division is comprised of 16 detectives supervised by three Sergeants, one Lieutenant and one Deputy Chief. The Detective Division serves our community by investigating crime, implementing crime prevention strategies, and engaging in community outreach efforts. Cases referred to the Detective Division are reviewed by a Detective Supervisor and prioritized for assignment to a Detective. Follow-up assignments are made based on the nature of the crime, the presence of potential leads, and the current caseload.

In 2016, Detectives completed a total of 1,251 investigations. Each investigation required a significant amount of effort with Detectives completing 8,857 separate interviews, search warrants, forensic examinations, or other investigative actions. Detectives successfully cleared 96% of Part 1 Violent Crimes and achieved an overall successful clearance rate of 88%. The successful resolution of these investigations by Detectives plays an important role ensuring a safe community, making crime victims whole, and securing the public's trust in our police department.

Major investigations successfully resolved included a homicide, a series of gas station armed robberies, two federal drug trafficking conspiracies, and the arrest of nine men from western Wisconsin involved in the sex trafficking of children. Another notable investigation involved a Tennessee man who was apprehended video recording women at an Eau Claire hotel. The follow-up investigation determined this man had 1,500 victims, many of whom were children, from throughout the United States. This investigation required numerous interviews, forensic examination of digital evidence, coordination with the FBI, and other investigators throughout the United States.

In addition to criminal investigations, members of the Detective Division led several initiatives aimed at crime prevention and developing partnerships within our community. Detectives participated in over 170 community outreach events. These events include neighborhood meetings and community presentations focused on internet safety, fraud prevention, and child abuse prevention. These outreach efforts establish strong relationships and help the community become less vulnerable to crime.

During the summer of 2016, the Eau Claire Police Department held its first ever Junior Police Academy. The program was completely self-funded through community donations and was facilitated by four Detectives assigned as School Resource Officers. The goal of the Junior Police Academy is to enrich our agency's connections with youth and motivate children to become responsible citizens. Each program lasted one week, served more than 50 children ages 12-17, and was commemorated with graduation ceremonies attended by over 200 people. This first of its kind program was very successful and will be expanded in 2017.

The steady increase of methamphetamine in Eau Claire is part of a trend impacting all of Wisconsin. Methamphetamine is highly addictive and is the underlying cause of many crime and quality of life issues. In 2016, Detectives worked with other community partners to reduce the impact of methamphetamine through prevention, focused our investigative efforts on individuals trafficking large quantities of methamphetamine, and developing treatment options that address the unique challenges presented by this dangerous drug.

## *Detective Division (continued)*

This initiative was capped by a community forum which focused on community awareness, prevention efforts, and treatment options.

Eau Claire Police Officers encounter risky situations and deal with tragedy on a regular basis. The safety and wellness of our officers is not only important to themselves, but also our colleagues, and to overall public safety. Detectives participated in several programs on the division level focused on employee wellness. Sensitive Crimes Detectives participated in prevention based programming that addresses the negative emotional and stress-related physical effects associated with child death, child maltreatment, and child pornography investigations. All Detectives participated in other division specific wellness programming that focused on physical fitness, nutrition, and overall health.

### **DETECTIVE DIVISION PHOTO**

# Administrative Services

## DIRECTOR KELLY THOMPSON

The Eau Claire Police Department's Administrative Services Division is comprised of Records and the Property and Evidence section. The Administration Division Manager oversees these sections and is also responsible for managing the police department's multi-million dollar budget, applying for and managing grants on federal, state and local levels and oversees and helps to implement all types of major technology projects being pursued by the department. In 2016, the department's longtime Administrative Division Manager retired and Kelly Thompson was hired to fill the vacancy. As part of that change and the reorganization for 2017 the Court Officer duties were transferred to the newly formed Investigation and Professional Standards Division.

## RECORDS SECTION

The Records Section of the Eau Claire Police Department is comprised of one full-time Records Lead, seven full-time and two part-time Law Enforcement Associates (LEAs).

The Records Section is located in a shared space along with records personnel from the Eau Claire County Sheriff's Office. Although both agencies continue to maintain separate records for their respective departments, the centralized location provides opportunity for some shared responsibilities at the Law Enforcement Center service window. The public is afforded convenient access for services from either law enforcement agency records section when needed.

One of the major job duties of Records Section personnel is to respond to the public's open record requests. Personnel receive specific training in this area due to the complexity of Wisconsin State Statutes and Freedom of Information Act laws governing these requests.

The major duties of the Records Section are to:

- Handle the receipt, verification and entry of data for all police incident reports, accident reports, arrest records, traffic citations and ordinance arrests, as well as the scanning of any paper documents related to these areas
- Maintain criminal information records related to fingerprints and mug shots
- Provide information to other agencies who work directly with the

department such as the District Attorney's Office, Probation and Parole and the Department of Human Services

## *Administrative Services (continued)*

- Serve as the first-line representatives of the department for all inquiries by citizens for police related information regarding documents, photographs, interviews or videos
- Serve as the central resource for others within the department seeking records or information necessary for the completion of their activities.

Records Section personnel are also responsible for managing all incident reports and narratives, photographs, accident reports, arrest records, recordings (digital, audio and video), juvenile referrals, ordinance and traffic citations and written warnings. In 2015, live scan fingerprinting equipment was replaced and fingerprinting responsibilities were transferred to the Sheriff's Office in order to allow for more compliance and a greater submission rate.

Due to advances in technology, the majority of these records are both composed and stored almost entirely in electronic or digital format. The few paper documents that are received are electronically scanned upon receipt, stored with their related file and then shredded for disposal. Records personnel have knowledge regarding the use of computer hardware and numerous software programs such as document imaging, digital mug shots, digital recorders, digital narrative transcription, digital photographs and others, making the paperless atmosphere a reality.

The Eau Claire Police Department generates tens of thousands of records each and every year. Present Wisconsin state law requires that all records created by the department (unless a specific waiver has been applied for and granted by the State) be maintained for potential public records requests for a minimum of seven years.

As a result of a previous year's recommendation to replace the records management and computer aided dispatch software presently in use by our department, we are currently in the process of implementing Spillman Software. The new software will greatly increase efficiency allowing all documents and some recordings to be stored in one software program. The software is expected to go-live on May 1, 2017.

### **PROPERTY AND EVIDENCE SECTION**

The Property and Evidence Technicians are responsible for the secure storage of evidence that is turned in, collected or seized by the Eau Claire Police Department, and under a joint services agreement, for the Eau Claire Sheriff's Office as well. The property and evidence areas are equipped with state-of-the-art monitored electronic access, pass-thru evidence lockers, moving storage shelving, vented drug room and secured gun storage area.

Evidentiary items come to the department from criminal cases and consist of everything from the smallest DNA samples to large vehicles as well as illegal drugs, guns and currency. Items that are turned in as found (wallets, purses, keys, etc.) or items which are reported as abandoned (mainly bicycles) are considered property and are also stored in this area.

The Property and Evidence Technicians work closely with the Eau Claire County District Attorney's Office, the

# Administrative Services *(continued)*

Chippewa County District Attorney’s Office and the United States Attorney General’s Office regarding the chain of evidence needed to ensure a successful prosecution. The technicians also coordinate with other law enforcement agencies that have collected evidence related to their cases from various locations within the City of Eau Claire.

The technicians are responsible for the appropriate disposal of all property and evidence collected. Depending upon the type of item it is disposed of in one of the following ways:

- Returned to owner
- Sent to other agencies
- Held by the court
- Destroyed either by the Eau Claire Police Department or by the State Crime Laboratory
- Sold through auction at [www.PropertyRoom.com](http://www.PropertyRoom.com)

# *Special Services Bureau*

## **LIEUTENANT JIM SOUTHWORTH**

The Special Services Bureau is a branch of the Eau Claire Police Department staffed by the Lieutenant of Special Services, Community Relations Officer, Safety Education Officer, Training Technician, Crime Analyst and a grant funded Community Liaison position. The Special Services Bureau continues to partner with area media, local elementary schools, after school programs and many other departments within the city to help facilitate services to our community. The Special Services Bureau completed over 130 presentations to community groups and school classrooms while also being involved in approximately 70 community or school events during 2016. There have also been approximately 80 interviews completed with different media groups.

### **COMMUNITY RELATIONS OFFICER**

The Community Relations Officer serves as the public information officer and main point of contact and resource for the varied needs of the community. The Community Relations Officer is responsible for publicly representing the police department through news releases, press conferences, media interviews, social media, police officer recruiting events, public presentations and various other community engagements.

In 2016, the Community Relations Officer represented the Eau Claire Police Department at community events, educational community presentations and career recruiting fairs. The Community Relations Officer also served as the police department representative on various outside committees.

Throughout 2016, the Community Relations Officer actively marketed the Eau Claire Police Department using social media and interviews. Additionally, the Community Relations Officer continued to improve followership with the Eau Claire Police Department's Twitter account (@EauClairePD) by using it to broadcast police related events and safety tips to an ever-growing group of followers.

### **SAFETY EDUCATION OFFICER**

The Safety Education Officer is a valuable resource for Eau Claire's school-age children. This officer educates youth on numerous safety and community issues including: bicycle safety, bus safety, pedestrian safety, home safety, personal safety, Internet safety and shoplifting awareness. During the school year, the Safety Education Officer spends the majority of his time in elementary schools, not only to teach safety and promote positive decision-making, but also to ensure that young students' first contact with law enforcement will be a positive experience. The Safety Education Officer also met with individual children on a daily basis to promote positive decision making.

The Safety Education Officer is responsible for coordinating both the adult school crossing guards and the youth school safety patrollers. These programs provide staffing at hazardous intersections near schools.

# *Special Services Bureau (continued)*

The Safety Education Officer is certified in child safety seat installations and participates in area safety fairs and other events to educate parents about the proper use of safety seats for their children. The Safety Education Officer also assists with parking ticket mediation, Court Officer duties, conducts department tours and gives presentations on specific topics dealing with safety and awareness in our community.

## **TRAINING TECHNICIAN**

The Training Technician is responsible for coordinating training for all members of the Eau Claire Police Department. The Wisconsin Department of Justice Training and Standards Bureau requires that sworn officers complete 24 hours of training per year and the Training Technician helps facilitate this training. In 2016 the Training Technician scheduled and made arrangements for Police Department staff to attend nearly 100 trainings or conferences.

The Training Technician is also the Department's coordinator for the TIME System, which enables law enforcement agencies to access multiple Wisconsin database sources for information essential to police operations (driver's and vehicle information, Wisconsin criminal history information, etc.). This system also provides an automated interface with the FBI's National Crime Information Center, which furnishes national criminal history record information.

Additional responsibilities of the Training Technician include the orientation of new employees as well as tracking and auditing the educational incentive program.

## **CRIME ANALYST**

The Crime Analyst continues to be an integral component of the Eau Claire Police Department. Utilizing data driven approaches, the Crime Analyst addresses crime and disorder problems affecting our community. The Crime Analyst focuses on crime and disorder prevention and reduction, offender apprehension, in addition to prosecution and assessment.

The Crime Analyst regularly performs administrative and intelligence operations and strategic and tactical analysis. Common tasks include data compilation, data collation, analysis, creating written and visual compositions and presentation of materials. The Crime Analyst supports the operations of all divisions within the department.

In 2016 the Crime Analyst assisted the District Commanders in collecting information to present in quarterly CompStat meetings.

## **COMMUNITY LIAISON**

The Community Liaison is a non-sworn grant funded position through the Eau Claire Hmong Mutual Assistance Association (ECHMAA) and acts as a liaison between the Hmong community and the Eau Claire Police Department. The Community Liaison provides assistance with language translation, expresses concerns on behalf of the Hmong community, and works closely with the Eau Claire Hmong Mutual Assistance Association to provide police services to area Hmong youth and families. The Eau Claire Police Department is pleased to continue this partnership with the ECHMAA.

# *Communications Center*

## **DIRECTOR GREG WALLACE**

The Eau Claire Emergency Communications Center is one of the oldest combined 9-1-1 centers in Wisconsin. Since 1970, the center has been the central dispatch point for police, fire and emergency medical services in Eau Claire County. A civilian staff of telecommunicators, supervisors, and a director serves 14 agencies in Eau Claire County. 2016 will be a challenging year as we anticipate retirements of veteran telecommunicators and begin training programs for a number of new staff members.

Communications Center staff is charged with answering all emergency and non-emergency calls for service throughout Eau Claire County. In 2016 141,218 Computer Aided Dispatch incidents were tracked, 78,962 emergency phone calls were received and 139,251 non-emergency calls were received. These numbers do not reflect outgoing phone calls or the many incoming and outgoing radio transmissions. Of those emergency calls 5,569 were 9-1-1 hang up calls that required significant time for the Telecommunicator to determine if an officer need to be sent to check out the situation.

In 2013, a narrowband radio system was implemented. This system upgraded outdated radio equipment and brought the entire county into compliance with the Federal Communications Commission's requirements for public safety radio equipment. This system has already received enhancements and current transmission sites will be further enhanced with another site on the northwest side of the city and county. The tower location has been secured near I94 at exit 59 and the consultants are working on the tower engineering study now. This tower will be in place in 2017.

As technology evolves, so must our center. In the very near future, 9-1-1 centers will be expected to take calls for service via text message, in addition to receiving video and photos. All of these changes are not currently funded. Access to 9-1-1 will be from many new technologies. We have evolved in the years from simply sending officers out to calls, to now checking many databases while the officers are in the process of responding to these calls for service. This information is pushed out to the officers by both voice communication and mobile computer. While the overall number of calls is lower than previous years, the Communications Center staff spends a great deal of time checking many different resources for responders to ensure safety and disseminate full and accurate information. In 2016, we added full 9-1-1 capabilities to the back-up Communications Center in order to better match the operational ability of our main center. In May of 2017 the new CAD software will be in place enhancing our current technology and capable of handling new future technology associated with Next Generation 911 (NG911).

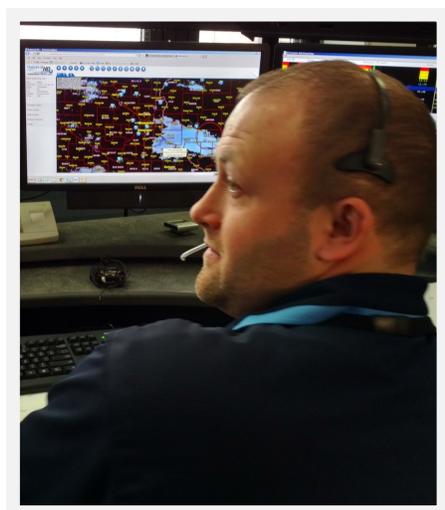

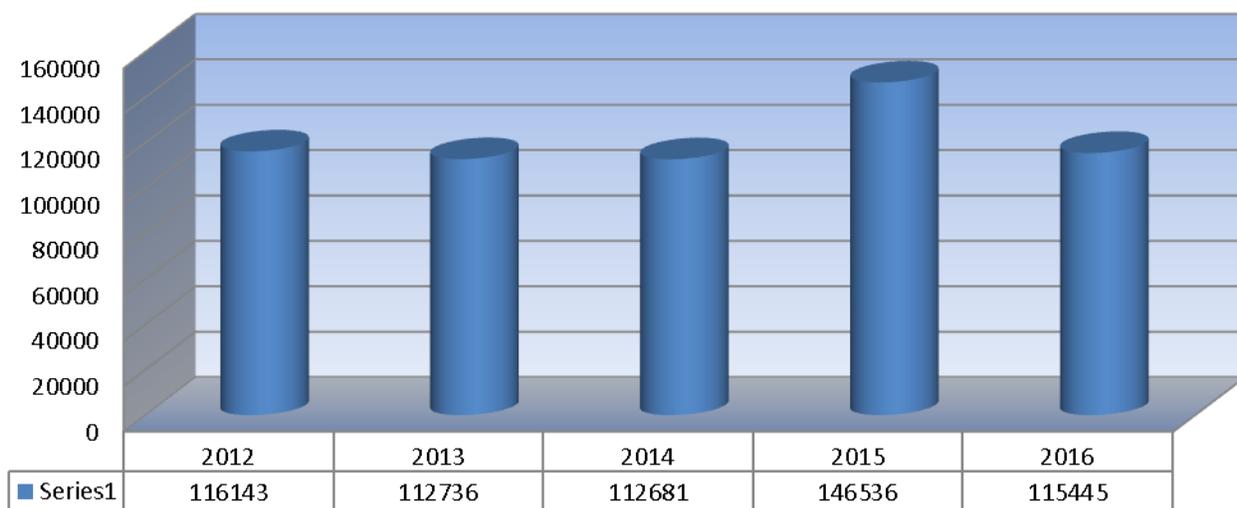

Enhanced 9-1-1 provides location information when using a traditional phone line; however, Cellular 9-1-1 calls have taken over as the largest segment of incoming emergency calls. Unfortunately these calls do not always provide accurate information on location. Often the public is calling under the assumption emergency

# Communications Center *(continued)*

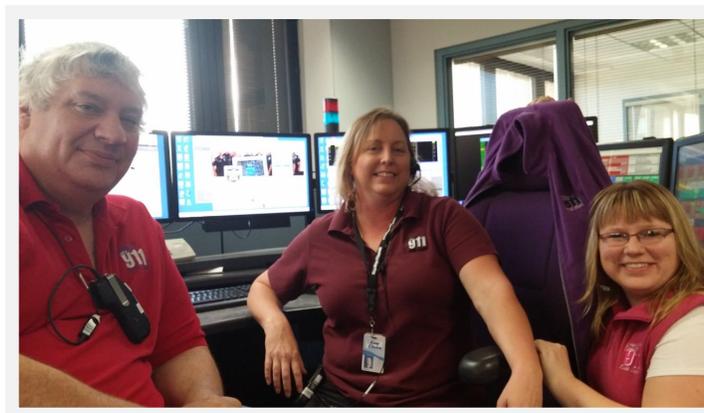

services will automatically know their location. Voice Over Internet Protocol (VOIP) phones are more popular also and the information from those phones is only as good as what is on the phone account. The Communications Center staff has to be diligent with every call to ensure that proper locations are obtained. Technology has helped over the years but it has also provided ways to access the system with incorrect and, at times, intentionally false information.

Telecommunicators direct many different emergency resources to locations all over Eau Claire County while keeping track of many emergency service workers. The Communication Center staff is the first point of contact for callers in an emergency situation, providing instructions that keep callers safe, giving basic life support in medical emergencies and calming situations that could escalate are everyday occurrences. It takes a special person who can work as an individual as well as part of a team to accomplish positive outcomes on the most critical emergencies.

# PROMOTION CEREMONY

On January 4, 2016, Officer Jesse Henning was promoted to the position of Sergeant.

Among many things, a Patrol Sergeant is a first-line supervisor responsible for performance evaluations on district objectives, while mentoring uniformed officers on a regular basis.

The Eau Claire Police Department has 13 Sergeants. Three officers are Detectives and ten are with the Patrol Division. Sgt. Jesse Henning was assigned to the Patrol Division.

## RECOGNITION

On May 9 and 10, 2016, Officer Kyle Anderson, Officer Jim Konkel, Officer Mike Chinander, Detective Ryan Prock, Detective Chad Stedl, Detective Art Jaquish, and Detective Jason Kaveney were recognized for their actions which were consistent with the best traditions of the Eau Claire Police Department.

# SWEARING-IN CEREMONIES

Tyler Stephens, Michael McClain, Dominic Meincke, Tom Xiong, Jacob Hoople, Tim Aldrich, Ellen Schroeder, Noah Young, and Michael Cullen

*Congratulations!*

*Eau Claire Marathon*

In addition to their regular duties, many officers of the Eau Claire Police Department participate in various specialty units within the department. The Eau Claire Police Department is proud to offer the citizens of Eau Claire police officers that are well-trained, proficient and skillful in a multitude of areas within the field to conduct complete and thorough investigations and responses to any given situation. A number of these different specialty units are highlighted on the following pages.

## **CRASH RECONSTRUCTION TEAM**

The Eau Claire Police Department Crash Reconstruction Team exists to technically investigate fatal or serious injury motor vehicle crashes and to assist the Crime Scene Unit by forensically mapping major crime scenes.

The team consists of sworn officers who have received advanced training in mathematics, physics, evidence documentation and specialized equipment operation. In addition to ongoing schooling, members of the team meet on a semi-annual basis for in-house training.

Members of the 2016 Crash Reconstruction Team included: Sgt. Aaron Jensen, Officer Dan McIlhargey, Officer Kevin Putzy, Officer Garrett Lewis, Detective Art Jaquish, Officer Wade Beardsley and Officer Cory Streeter.

## **CRIME SCENE UNIT**

The forensic examination of physical evidence is a critical element in police efforts to conduct successful criminal investigations and subsequent prosecutions. The forensic science field is ever-changing with improvements in DNA analysis, new processes for developing latent fingerprints and innovations for documenting crime scenes. These scientific and technological breakthroughs have made it feasible to collect and analyze evidence that was never before thought possible.

The Eau Claire Police Department Crime Scene Unit consists of 24 sworn officers who have received additional training in the proper identification, collection, analysis and documentation of forensic evidence. The Crime Scene Unit regularly responds to major crime scenes such as death investigations, burglaries, robberies, sexual assaults and shootings.

In addition to responding to crime scenes, members of the Crime Scene Unit analyze physical evidence in a laboratory setting. In 2013, the Crime Scene Unit began utilizing a new forensic evidence laboratory that was constructed as part of the Law Enforcement Center renovation. The Eau Claire Police Department Crime Scene Unit shares this space with the Eau Claire County Sheriff's Office. This state-of-the-art evidence laboratory allows our organizations to employ Alternate Light Source (ALS) technology, advanced latent

# Department Specialty Units *(continued)*

fingerprint identification techniques, advanced DNA collection methods and specialized photography.

Technological advancements make the ongoing training of evidence technicians more important than ever. Every year several members of the Crime Scene Unit attend training sponsored by the Wisconsin State Crime Laboratory, Wisconsin Department of Justice and other nationally recognized experts. This training is brought back to our community and shared with the remainder of the Eau Claire Police Department Crime Scene Unit and other regional law enforcement agencies.

Members of the 2016 Crime Scene Unit included: Lt. Tim Golden, Lt. Greg Weber, Lt. Derek Thomas, Sgt. Travis Quella, Sgt. Brian Schneider, Officer Sue Zwiefelhofer, Officer Dan McIlhargey, Officer Chad Stedl, Officer Todd Johnson, Officer Mike Chinander, Officer Kevin Farley, Officer Terry Nicks, Officer Jason Kaveney, Officer Ryan Lambeseder, Officer Garrett Lewis, Officer Justin Greuel, Officer Art Jaquish, Officer Josh Miller, Officer Renee Stoik, Officer Bridget Coit, Officer Phil Noland, Officer Cory Streeter, Officer Ryan Prock and Officer Tyler Larsen.

## **CRISIS NEGOTIATION TEAM**

The Eau Claire Police Department Crisis Negotiation Team is made up of sworn officers who, in addition to their regular duties, are trained to talk with suicidal persons, barricaded persons, or hostage takers in high-risk situations, with the goal of resolving situations peacefully. Although negotiation is the preferred method of resolution, the Crisis Negotiation Team also works closely with the Tactical Response Team. The Crisis Negotiation Team is comprised of 14 Crisis Negotiators with over 100 years of combined law enforcement experience. All members of the Crisis Negotiator Team have completed the Federal Bureau of Investigation's Basic Hostage Negotiation course and many have completed additional specialized training programs. Every member of the Crisis Negotiation Team received training in CIT (Crisis Intervention Training).

Members of the Crisis Negotiation Team meet quarterly for training. In 2016, the Crisis Negotiation Team focused on table top scenarios, case studies, and equipment review.

Members of the 2016 Crisis Negotiation Team included: Lt. Jim Southworth, Sgt. Andy Wise, Officer Sean Lester, Officer Jesse Zurbuchen, Officer Todd Johnson, Officer Tim Porn, Officer Kyle Roder, Officer Justin Greuel, Officer Josh Miller, Officer Ryan Prock and Officer Bridget Coit. The team welcomed newly appointed Negotiators Officer Mike Major, Officer Ben Wutschke, and Officer Breanna Gasper.

The team is also supported by Special Agent Dave Fitzgerald of the Federal Bureau of Investigation.

# Department Specialty Units *(continued)*

## **FIREARMS UNIT**

The ongoing training of police officers in the usage of firearms is essential to public safety. Officers of the Eau Claire Police Department are required to successfully complete several shoots per year utilizing multiple service weapons. The goal of these shoots is to provide opportunities for officers to maintain proficiency in regard to their firearms related skills as well as their decision making tactics. The State of Wisconsin Training and Standards Bureau requires all Wisconsin sworn police officers to pass minimum shooting standards on an annual basis. While the Eau Claire Police Department's monthly shoot requirements for each officer far exceed those set by the state, mandatory formal qualification shoots were scheduled for all personnel beginning in 2014.

Members of the 2016 Firearms Unit included: Lt. Tim Golden, Lt. Jim Southworth, Sgt. Brian Schneider, Sgt. Mark Pieper, Sgt. George Eliopoulos, Sgt. Ben Frederick, Officer Kyle Anderson, Officer Jason Ruppert, Officer Jim Konkel, Officer Dave Curfman, Officer Kevin Putzy, Officer Matt Stone and Officer Mike McClain.

## **FORCE OPTIONS TEAM**

The Eau Claire Police Department Force Options team is comprised of sworn officers who are tasked with training sworn department members in the areas of use of force as delineated and governed by the Defensive and Arrest Tactics (DAAT) system. The Force Options Team trains officers in the techniques of use of force as well as through scenario based training. The team provides training for probationary employees at scheduled intervals throughout the officer's first year of employment and conduct skills and scenario training for our entire department during our annual in-service. Members of the 2016 Force Options Team included Lt. Jim Southworth, Lt. Greg Weber, Lt. Ryan Dahlgren, Sgt. Ben Frederick, Sgt. Josh O'Malley, Sgt. Andy Wise, Officer Dan Theis, Officer Kyle Anderson, Officer Mike Glennon, Officer Terry Nicks, Officer Kyle Roder, Officer Josh Miller, Officer Ryan Prock, Officer Rob Schreier and Officer Ian O'Connell.

## **GANG INTELLIGENCE UNIT**

The Gang Intelligence Unit is comprised of sworn personnel who have been trained to detect gang activity and membership. Each member specializes in knowledge of a particular gang. Gang Intelligence Unit members also attend gang conferences and seminars. Members of this unit maintain a network with other departments within Wisconsin as well as other states with an ultimate goal of reducing crime related to illegal gang activity. Members of the 2016 Gang Intelligence Unit included: Sgt. Adam Taylor, Sgt. Jesse Henning, Officer Tim Porn, Officer Chaz Walton, Officer Kyle Jentsch, Officer Matt Stone, Officer Ben Hundt, Officer Matt Leque and Officer Greg Erickson.

## HONOR GUARD

The Honor Guard represents the Eau Claire Police Department in a positive and professional manner at law enforcement, public and private ceremonial events. During monthly trainings, Honor Guard members practice basic movements, various forms of group marching, flag folding, rifle salutes, casket carrying and funeral preparations.

The Eau Claire Police Department Honor Guard participated in 19 events during 2016, to include officer funerals, law enforcement memorials, graduations, baseball games and parades. This fall Officer Nicks played a significant role in assisting the Wisconsin Honor Guard Association with organizing the funeral for Rusk Co. Deputy Glaze.

Members of the 2016 Honor Guard included: Sgt. Gary Axness (Commander), Officer Terry Nicks (Assistant Commander,) Officer Tim Porn, Officer Kyle Jentzsch, Sgt. Jesse Henning, Officer Greg Erickson, Officer Renee Stoik and Officer Michael McClain.

## K-9 UNIT

In November of 2016 the Eau Claire Police Department welcomed its new K-9 partner Jake. Jake is an all-black German Shepherd who will be partnered with his handler Officer Ian O'Connell. Officer O'Connell and Jake will attend six weeks of training in spring of 2017 to become certified in patrol and controlled substances detection work. They will join our K-9 team of Officer Jason Ruppert and his partner Duke who are in their sixth year with the Eau Claire Police Department K-9 program. Duke and Jake live at home with their handlers and their families.

Duke and Jake are trained to detect controlled substances such as marijuana, cocaine, crack cocaine, heroin, and methamphetamine. They are also trained to track suspects that flee from a crime scene or locate suspects that are hiding in a building. Duke and Jake are also trained to apprehend dangerous fleeing felons as well as handler protection and will assist if their handler is attacked. Duke had several successful apprehensions and tracks in 2016 and was called on to assist on over 200 cases.

The K-9 Unit's primary mission is to support the patrol division in assisting with drug interdiction and locating suspects that have fled a crime scene. The K-9 Unit will also assist at alarms, fights, and on traffic stops. When not supporting the Patrol Division, the K-9 Unit can be called upon to assist other departments in drug and suspect searches. Just a short list of agencies that the K-9 Unit has assisted is: West Central Drug Task Force, Eau Claire County Sheriff's Office, Altoona Police Department, Wisconsin State Patrol, and the University of

# Department Specialty Units *(continued)*

Wisconsin—Eau Claire Police Department.

Officer Ruppert and Duke have been called on to assist area school districts in conducting drug searches of their campuses. These searches have been a great deterrent to subjects considering bringing drugs into the schools. They have also performed numerous presentations to local civic groups in the community interested in learning more about the K-9 program. With the addition of a second K-9 team, we will be able to significantly expand the public outreach and visibility within the community.

## **POLICE ADVISORY BOARD**

Created in 2015, the Police Advisory Board is a part of the overall leadership development and philosophy of the Eau Claire Police Department. The Police Advisory Board consists of 13 members from differing responsibilities and titles who serve a staggered two-year term. Team members are first and foremost colleagues who are representative of their co-workers and are expected to report back to those they work with. The Police Advisory Board provides a safe and transparent environment for colleagues to discuss personal and group perspectives on various issues important to our mission, vision and the overall health of our department.

All employees can submit ideas and concerns to the Chief's Office for consideration by the Police Advisory Board. This can be done either formally through the chain of command or informally via email. The team may not take on matters of specific personnel matters or unduly expose the department to civil liability. Based upon input received from any member of our department, the Chief sets the agenda to be considered by the Police Advisory Board.

Police Advisory Board members have equal voting rights and decisions require a two-third majority vote. Decisions made regarding matters addressed by the team will be presented to the Chief's Staff and will be considered for implementation, barring any conflict with local, state or federal law, budgetary constraints or existing contractual language between the city and union or management rights.

In 2015, the Police Advisory Board made recommendations regarding the following: Police Advisory Board Mission and Vision statements, new Eau Claire Police Department slogan, squad car designs and K-9 fund.

The Police Advisory Board is composed of representatives from every division within the department. Members of the 2016 Police Advisory Board included: Officer Kyle Roder (*Local 9 President*), Sgt. Andy Wise (*Local 39 President*), Sgt. Bill Slaggie (*Patrol Supervisor*), Officer Greg Erickson (*Patrol 1st Class Officer*), Officer Phil Noland (*Patrol Officer*), Sgt. Ben Frederick (*Detective Supervisor*), Officer Ryan Lambeseder (*Detective*), Julie Smith (*Communications Center Supervisor*), Brian Trullinger (*Telecommunicator*), Chris Jaeger (*Special Services Bureau*), Tessa Gibson (*Records Section*), Fallon Westlund (*Property and Evidence Section*) and Shoua Vue (*Senior Community Service Officer*).

# Department Specialty Units *(continued)*

## **POLICE CHAPLAINCY PROGRAM**

Since its inception in 1998, the Eau Claire Police Chaplains have volunteered to serve and partner with the officers of the Eau Claire Police Department. They are a resource to officers who, in the course of their duties, encounter persons in crisis. They also serve as a resource to those in our community whose lives have been broken by violence or tragedy.

Chaplains provide the following services: assisting officers with death notification; assisting with homicides and suicides, fatal or serious injury crashes and other critical incidents; serving as a resource for personal issues of department personnel.

The Chaplains meet monthly for ongoing training and have a rotating on-call schedule, making them available on a 24-hour basis. Chaplains are also encouraged to participate in the life of the department; being part of the happy times and being present during times of tragedy. The Chaplains also generously hosted a holiday gathering for Police Department personnel and their families.

The mission of the Police Chaplaincy Program is as follows: “Spiritual care is offered to every officer and citizen, especially in times of crisis, through a ministry of presence, service and compassion.” The Core Values of the Police Chaplaincy Program include: ministry of presence, spiritual support, leadership, commitment to quality and pursuit of excellence through professional growth and development.

## **POLICE TRAINING OFFICER PROGRAM**

The field-training of newly hired police officers is a critical function performed by members of the Eau Claire Police Department’s Police Training Officer (PTO) program. In 2016, the PTO program consisted of 29 officers and 13 supervisors who were dedicated to the mentoring and development of new officers. The skills and resources that new officers develop during this program lay the foundation for their careers.

The PTO training model was developed by the United States Department of Justice to compliment problem-oriented policing and community-oriented policing philosophies. The PTO program utilizes problem-based learning as the primary instructional method with an emphasis on adult learning strategies, critical thinking, and development of problem solving skills. The program encourages new officers to explore non-traditional problem solving strategies and community resources in their efforts to reduce crime and disorder.

A newly hired officer begins the PTO program after completing his or her recruit academy training. During the program, the new officer is observed by multiple training officers and works a variety of shifts and districts. The program focuses on 16 core competencies that include conflict resolution, use of force, leadership, officer safety, communication skills and legal procedures. As the training program progresses the learning

# *Department Specialty Units (continued)*

objectives for the new officer become more challenging. New officers are evaluated by their training officers using a variety of methods and must consistently evaluate their own progress as well.

During a new officer's training program he or she also completes a Neighborhood Portfolio Exercise (NPE). The NPE allows the trainee to develop a detailed geographical, social, and cultural understanding of an assigned neighborhood. The trainee explores areas including demographics, culture, crime, disorder, and problems relevant to both the community and police. At the conclusion of the training program the new officer presents the NPE to a panel consisting of the Chief of Police and other invited guests and evaluators. The goal of the NPE is to give the trainee a sense of the community and to develop community contacts. The NPE challenges new officers to take a deeper look at what factors drive crime and disorder in a neighborhood and provides them the opportunity to pass their knowledge on to other members of the department.

The Police Training Officer Program supports the Eau Claire Police Department's mission and problem solving efforts. In 2016, PTO trainers and supervisors managed parts of ten different training programs totaling nearly 500 patrol shifts. The efforts, dedication, and skill of the training officers ensure our new officers have quality training as they embark on their careers to enhance the quality of life in our community.

Members of the 2016 PTO program included: Lt. Greg Weber, Lt. Derek Thomas, Lt. Ryan Dahlgren, Sgt. Gary Axness, Sgt. Brian Schneider, Sgt. Mark Pieper, Sgt. George Eliopoulos, Sgt. Aaron Jensen, Sgt. Ben Frederick, Sgt. Josh O'Malley, Sgt. Andy Wise, Sgt. Adam Taylor, Sgt. Jesse Henning, Officer Jesse Zurbuchen, Officer Todd Johnson, Officer Kevin Farley, Officer Hunter Braatz, Officer Mike Major, Officer Justin Greuel, Officer Art Jaquish, Officer Matt Leque, Officer Brandon Dohms, Officer Ryan Prock, Officer Terry Nicks, Officer Kevin Putzy, Officer Nate Ollmann, Officer Josh Miller, Officer Renee Stoik, Officer Bridget Coit, Officer Ian O'Connell, Officer Chaz Walton, Officer Greg Erickson, Officer Wayne Bjorkman, Officer Wade Beardsley, Officer Jake Gullickson, Officer Cory Streeter, Officer Phil Noland, Officer Austin Summers, Officer Mitch Hunsley, Officer Ben Wutschke, Officer Aaron Schiefelbein, and Officer Mike McClain.

## **TACTICAL RESPONSE TEAM**

Certain events in the community require a response that incorporates specialized skills and equipment. In cases of high-risk warrant service, barricaded suspects or hostage rescues, the Eau Claire Police Department Tactical Response Team serves the department and community through the application of specialized training and tactics. The Tactical Response Team is committed to serving the department and community through the safe resolution of high-risk incidents.

The Eau Claire Police Department's Tactical Response Team was formed in 1991. Members of the team participate in monthly trainings that include tactics, firearms and physical fitness. The evolution of crimes and community needs makes ongoing training a priority for the team.

Whether in training or at actual events, the officers of the Tactical Response Team take their role as tactical operators very seriously. The team is proud to offer the citizens of Eau Claire the protection of an experienced and well-supported tactical team.

Members of the 2016 Tactical Response Team included: Sgt. George Eliopoulos (Commander), Sgt. Mark Pieper (Team Leader), Sgt. Ben Frederick (Assistant Team Leader), Sgt. Josh O'Malley, Officer Kyle Anderson (Assistant Team Leader), Officer Jim Konkel, Officer Todd Heinz, Officer David Mikunda, Officer Chaz Walton, Officer Mike Major, Officer Kyle Jentzsch, Officer Matt Leque,

Officer Jesse Henning, Officer Brandon Dohms, Officer Mike McClain, Officer Jake Gullickson, Officer Greg Erickson, Officer Nate Ollmann, Officer Rob Schreier, Officer Zach Burnett, Officer Mitch Hunsley and Officer Jake Olson. Officer Jason Ruppert and K-9 Duke, in addition to Eau Claire Fire Department EMS Division Chief Jon Schultz, support the team.

## **TECHNICAL SERVICES UNIT**

The Technical Services Unit provides technical and analytical assistance to all facets of the Eau Claire Police Department for the purpose of criminal investigation, criminal prosecution and crime prevention, thereby increasing the overall effectiveness of the Eau Claire Police Department and helping to improve the quality of life for the citizens of Eau Claire.

This specialized group of individuals who have other full-time assignments within the department utilizes some of the latest electronic tools and technology available to gather information and evidence that will assist members of the police department. Several of the tools and techniques utilized may also add a degree of officer safety to an officer's job performance in many circumstances.

Aided by tools and technology, the Technical Services Unit is committed to the disruption, prosecution and prevention of criminal activity in Eau Claire. With added diversification and specialization of team members, the Technical Services Unit aims to continually increase the effectiveness of the team by seeking additional training and technology resources in order to advance their ability to achieve these goals going into the future.

Members of the 2016 Technical Services Unit included: Lt. Greg Weber, Sgt. Andy Falk, Officer Chad Stedl, Officer Kevin Farley, Officer Kyle Roder, Officer Kevin Putzy, Officer Wade Beardsley, Officer Cory Streeter, Officer Austin Summers and Officer Mitch Hunsley.

In addition to their regular duties, many officers of the Eau Claire Police Department participate in various specialty units within the department. The Eau Claire Police Department is proud to offer the citizens of Eau Claire police officers that

are well-trained, proficient and skillful in a multitude of areas within the field to conduct complete and thorough investigations and responses to any given situation. A number of these different specialty units are highlighted on the following pages.

## **BIKE PATROL**

The bike patrol group is comprised of 56 sworn personnel who have attended a basic bike patrol course put on by members of the department. Bike patrol officers utilize bicycles in addition to their regular duties. Bike patrol officers work all hours of the day and can often be seen at special events, holidays and conducting directed patrol. Bike patrol officers are used as another way for officers to connect with the community on a personal level.

## **METHAMPHETAMINE AWARENESS FORUM**

On November 30th, the Eau Claire County Methamphetamine Response Committee (MRC) commemorated National Methamphetamine Awareness day by sponsoring a community forum. The goal of the Meth Awareness Forum was to educate members of our community of the dangers of methamphetamine, its impact on the entire community, and steps individuals can take to become engaged in this issue.

Members of the Eau Claire Police Department Detective Division and Special Services Bureau played a prominent role in organizing this event. Detectives worked with community members to produce a 360 degree Virtual Tour of a meth user's home which showed the public health concerns, child neglect, and other crimes commonly associated with methamphetamine use. Members of the Eau Claire Police Department guided community members through this virtual home and the devastating impact of methamphetamine. Other members of the department presented at the forum, answered questions from the audience, and met with concerned community members after the forum. The forum was well attended and accomplished its goal of educating and engaging community members.

The methamphetamine virtual tour can be experienced by visiting:

# JUNIOR POLICE ACADEMY

## EAU CLAIRE POLICE DEPARTMENT JUNIOR POLICE ACADEMY

The Eau Claire Police Department Junior Police Academy is a week-long course designed for area youth ages 12-17. This program allows officers and students to interact in a comfortable setting strengthening our connections with the children of Eau Claire. In the process, students learn about the role police officers play in our community as well as develop an understanding of law enforcement. Our goal is to foster lasting partnerships and motivate youth to become responsible, involved citizens.

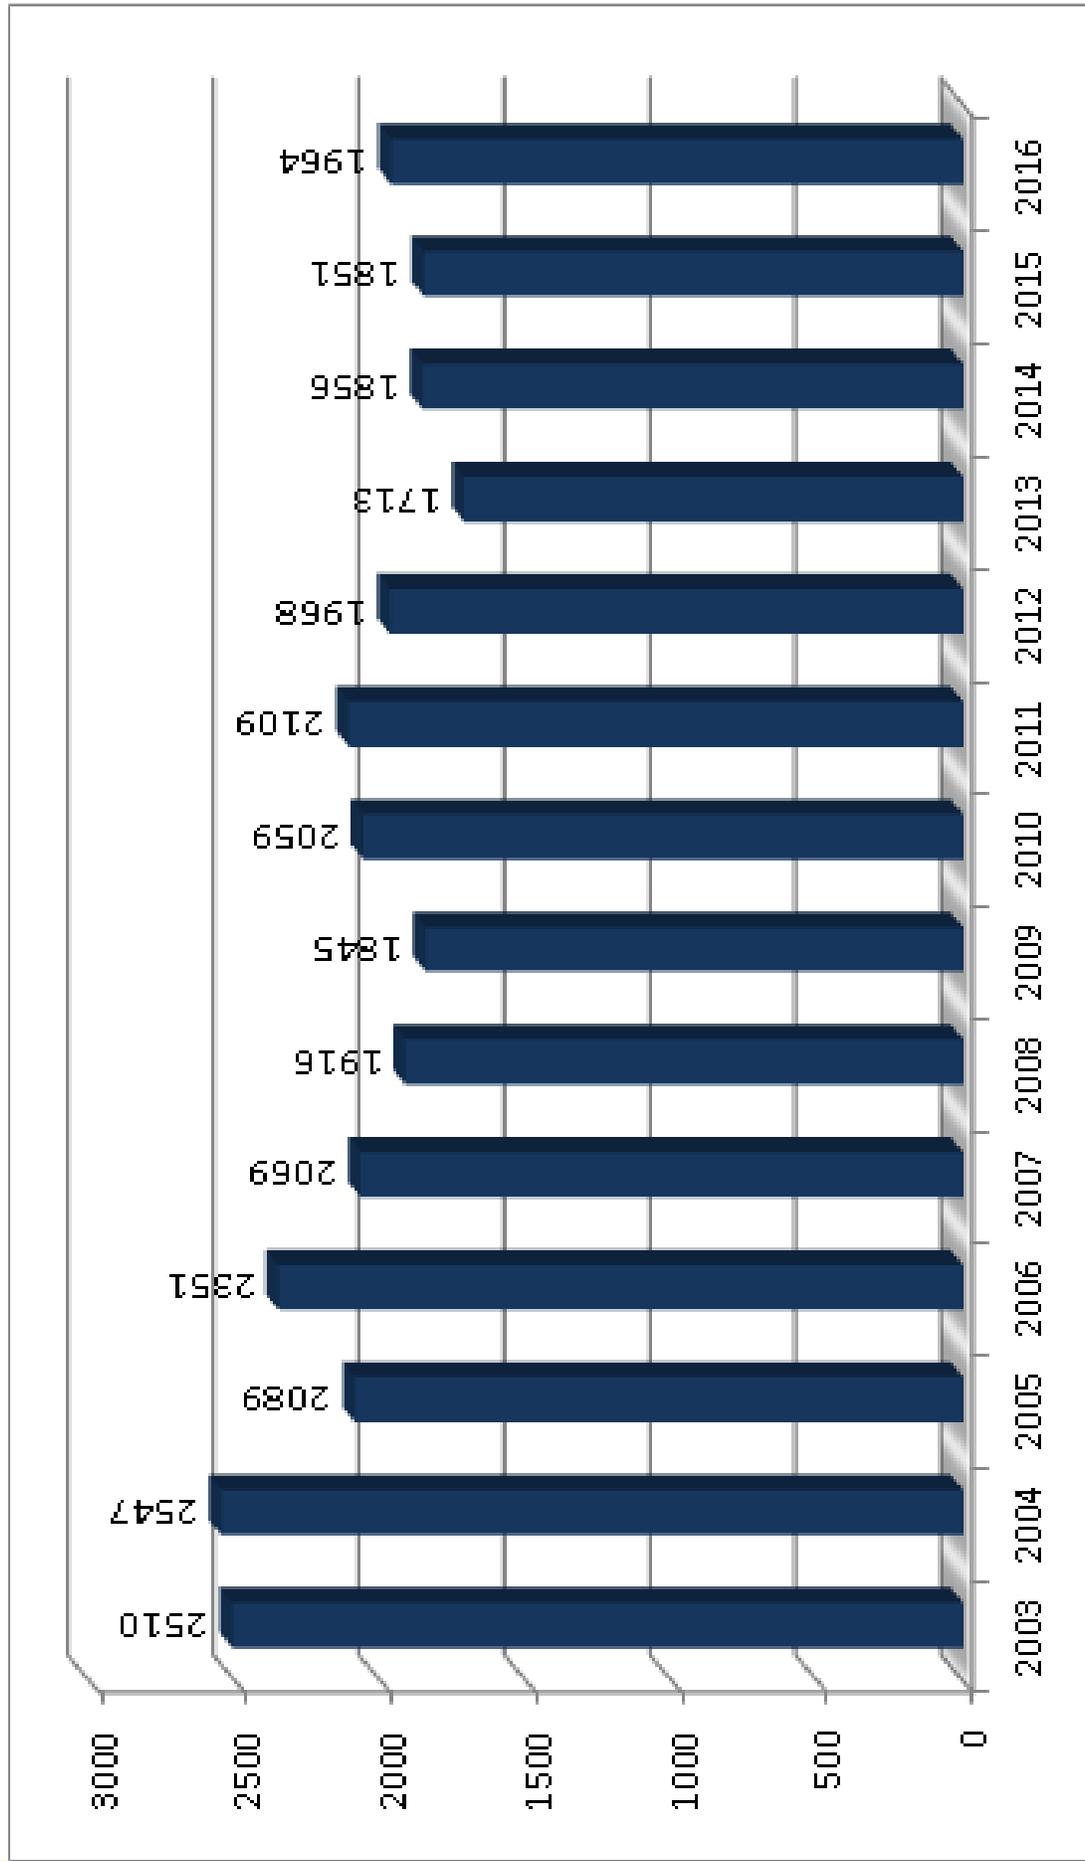

During the course, students receive basic technical instruction about police work, develop an understanding of criminal law and the judicial system, and learn about various specialty units and roles within the ECPD. As they learn, they develop problem solving and decision making skills that will serve them well for the rest of their lives. The relationships formed between students, their families and officers foster awareness and understanding which strengthens the fabric of our community.

2016 was the inaugural summer for the ECPD Junior Police Academy. Two sessions were held with over 50 youth in attendance. Upon graduation, the students received t-shirts, a certificate of completion, a custom challenge coin, DVD showcasing the week and a graduation picnic for roughly 300 family members.

The ECPD Junior Police Academy was made possible by the efforts of our agency members as well as support from our generous community members and Corporate Sponsors.
