Let's Hear from the Community!

Community Members Invited to Local Conversation

Eau Claire, WI – November 16th, 2018- The Eau Claire City-County Health Department is organizing two community conversation events to hear from community members about the factors that impact health in Eau Claire. To accommodate different schedules and preferences, the conversation will be held in-person and online.

The conversation events are open to all community members who are interested in improving the quality of life and health in Eau Claire County. Each participant will be granted a gift card for their participation.

Community members can choose to participate either in-person or online. Details for each event are below.

- ❖ **In-person:** November 19th at Fall Creek Public Library from 10:00 - 12:00. Food and refreshments will be served.
 - Registration is recommended.
 - Register here: www.bit.ly/EHealth

- ❖ **Online:** Week of November 26th-30th for an online discussion.
 - Registration required as the online discussion platform access instructions will be provided through email.
 - Register here: www.bit.ly/EHealth

JOIN THE CONVERSATION

Share your thoughts with us around health needs, the sense of community and the basic necessities such as housing, childcare, healthcare, food & transportation

“The Health Department’s mission to promote health to all communities. In order to choose strategies and programs that match the real needs of the community, we need to hear from all community members,” says Cortney Draxler, Policy and Systems Division Manager.

During these events, participants will discuss the social factors that affect negatively or positively health, how we can together improve the quality of life and eliminate any threats to the cohesion and better life. Information collected during the registration process and the discussion will be analyzed to identify the factors and used a policy-driven document.

For more information, please contact Cortney Draxler at 715-839-4718.
