

Celebrate Earth Week with Compost-Palooza!

The City of Eau Claire’s Green Waste Facility, located at 5710 Jeffers Road, will celebrate Earth Week by offering screened compost to the community at no cost. Free compost will be available during the facility's regular hours of operation, which are:

- Monday, April 20, from 10 a.m. to 6 p.m.
- Wednesday, April 22, from 10 a.m. to 6 p.m.
- Saturday, April 25, from 8 a.m. to 3 p.m.

Bring your own containers and tools for loading and hauling. No power equipment or staff assistance will be available. This offer is open to individuals; **no commercial operations are accepted.**

The Green Waste Facility’s high-quality compost is created by materials dropped off by area residents and then screened to remove non-compostable debris. Incorporating compost into gardens can, among other benefits, increase yields, improve soil health, and enhance water retention.

Eau Claire County Residents are permitted to utilize pay-as-you-go fees at the Green Waste Facility; however, season passes are available to City of Eau Claire residents only. Commercial operations of any scale are not permitted to use the Green Waste Facility.

At the facility, credit cards or checks are accepted (no cash). Season passes are available for purchase at the site during regular operating hours or at 910 Forest Street, Monday-Friday 7:30 am-4pm. For further details, please visit www.eauclairewi.gov/brush.
